

## Performance Make-Up Appeal

Name: \_\_\_\_\_

Orchestra: \_\_\_\_\_

All students who will be missing/ have missed a performance must fill out this appeal. If this appeal is turned in *two weeks* prior to the concert explaining the details of the student's absence and under Miss K's jurisdiction, the student will be allowed to then do the necessary make-up to earn back the 100 Concert Participation points. If it is not an emergency and this form is turned in later than two weeks, or past the performance date, the student MAY be allowed to do the make-up work, but will not receive full points.

Which Performance does this appeal apply to? \_\_\_\_\_

Attach any paperwork/ notes from parents, guardians, coaches, etc. that can support your reasoning behind the your absence.

Below are the options to Make-Up a Concert. Miss K will go through your appeal and determine how much of the points you will be allowed to make-up. Please read through the two options and determine which one you would like to use!

*Option 1: Public Performance*

- The performance must be on your string instrument. A family recital in your living room does not count unless the majority of the audience are not related to you. Examples of public venues can be: A senior or nursing home, the library, an elementary school class, etc. Performance must be at least 15 minutes long. You must submit a video recording of one of the songs you performed.

*Option 2: Performance for the Class*

- You will need to have all 5 parts present for the performance, which means you'll have to recruit friends to practice and perform with you. After the performance for your classmates, you need to submit a 1 page typed paper explaining the preparation process, and your thoughts on the performance. The grade you receive will depend on the quality of the performance and your typed report.

By signing this appeal, I can firm that everything stated above is correct and was filled out honestly.
